PURCHASERS' SALES INFORMATION

The following excerpt from the rules and regulations governing this sale will be of special interest to those purchasing breeding stock.

1. Terms of Sale—Cash

Immediately after your purchases are completed, settlements and shipping instructions will be taken in the front office of the Auditorium. Information on freight schedules and rates, and livestock insurance will also be available.

All purchases must be settled for within one hour of the sale of the animal. If any purchaser fails to settle for his purchase as stated, the Committee reserves full power to resell the animal to the best advantage either publicly or privately, without further information and any loss arising from such resale, together with the keep and all other expenses, will be collected from the defaulter.

Immediately after each purchase is declared the risk of the animal shall be exclusively with the purchaser, and until a settlement is made in the terms of these conditions the delivery of the animal shall be suspended.

Before an animal can be removed from the building, the buyer must present to the Barn Superintendent the official receipt and release signed by the Treasurer or Association Representative.

2. Pedigrees

Ear tattoos and identification of all stock contributed to this sale have been checked and compared with the Registration Papers for your protection. The Registration Certificates will be transferred to your name on the books of the Canadian National Livestock Records at Ottawa and the transferred Registration Papers forwarded, by mail, to you.

The purchaser of an animal at an Association sale will be given twenty days after the last day of the sale within which to file with the Secretary claim for compensation by reason of any erroneous information respecting such animal that may appear in the catalogue and was not corrected by the auctioneer at the time the animal was offered for sale.

3. Mail Order Purchase

The Secretary is prepared to purchase bulls for persons unable to attend the sale personally. To do this you should send a marked cheque, for the amount you are willing to pay, made out to the Saskatchewan Cattle Breeders' Association and indicate the lot numbers you would wish a bid placed on. Averages at these sales will be found on the back cover of this catalogue.

4. Order of Sale

Animals will be sold in the order of contributor's name in the catalogue. For the day and time at which different breeds are sold, see the program in the front of this catalogue. All stock must be returned to their original stall by the seller and left there until settlement has been made. Contributors must feed and care for animals until evening of the day on which they are sold.

5. Bidding

A bull failing to bring an opening bid of \$300.00 will be withdrawn from the sale. If any dispute arises between two or more bidders, it will be settled by the animal again being put up and resold. The decision of the auctioneer shall be final in such cases.

6. Health Regulations

(a) As the Province of Saskatchewan has been declared a Restricted Area for the eradication of Bovine Tuberculosis, all cattle entering this Show and Sale from herds not dealt with under the Accredited Herd Plan, will be of Restricted Area standing.

(b) To qualify for export to U.S.A. all cattle must have passed a blood test for Brucellosis within 30 days of the date of sale. To avoid delays owners shall arrange to do this through their local Veterinarian where reasonably possible.

(c) All cattle contributed to this sale must be free of skin diseases, parasites, or other obvious abnormalities.

7. Breeding Guarantee

(a) Should a bull, in the opinion of the purchaser, under natural service conditions, be a non-breeder, the purchaser shall report the same in writing to the Secretary of the Association between two and six months from the date of sale. The purchaser shall then complete a Statutory Declaration supplied by the Association. The purchaser may be required to retain the bull for the six months and after this period, the contributor shall have the option of testing the animal for four months on his own premises. If the animal then proves to be a non-breeder, the contributor will refund 75% of the purchase price or supply an animal of approximate age, quality and breeding, and the non-breeder to be returned to the contributor.

A contributor will not be responsible for injury, infection, or sickness which was not apparent at the time of sale, or for improper care and feeding by the purchaser.

In either case the purchaser is to be responsible for all transportation charges incurred.

(b) It is to be clearly understood that the Association is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does the Association assume any financial obligations to collect or enforce collection of any moneys between parties and any legal action that may in exceptional cases, be taken, must be between the buyer and seller themselves. The Association guarantees all pedigrees or will revoke any sale concerned. In all cases the influence of the Association will be exerted, as far as possible, to hold all parties strictly to these regulations.

8. Loading and Transportation

(a) Animals not to be shipped by rail will be delivered to the various buyers on the grounds, who will take charge of them immediately after settlement has been made.

(b) The Association will undertake to feed and load animals purchased at this auction sale for a fee of \$5.00 per head. Animals will be shipped F.O.B. Regina. When the distance is over one hundred and fifty miles, the purchaser may have to accompany the animals or pay the Association for securing a man to take the shipment.

(c) The loading and shipping of cattle after the sale will be conducted under the direction and supervision of the Association, and all cattle to be shipped by rail will be regarded as delivered to the purchaser when they have been properly loaded and billed to their destination. Purchasers will be expected to render any assistance in the loading and shipping that may be required of them and to make all necessary arrangements among themselves and with the Secretary for such attendant or attendants as may be required to accompany the cattle to their destination.

(d) Every care will be exercised by the management to prevent injury to, or loss of property, and to insure the prompt collection and delivery of animals at the proper destination, but the Association, acting only as a medium between buyer and seller, will not be responsible for any loss or damage that may occur during transportation.

9. Powers of Executive Committee

The Executive Committee shall have power to cancel the sale of any animal before delivery provided such course in its opinion is fair and just, both to buyer and seller.

The Treasurer will have power to give receipt in full for all payments on stock and will remit the amount realized, less the proper charges for each animal, to the contributor within three weeks after the date of the sale.

Purchase of Breeding Stock for Export

Bulls bought for export to the United States will be transported free of charge to Williston, North Dakota, or any equivalent distance into the United States.

Complete information regarding the purchase and export of breeding stock to the United States is available if required. Cattle are exported from this sale every year to the United States.

Arrangements have been made for a representative from Canadian National Live-stock Records to attend the sale and transfer the registration certificates to the names of American Buyers. Veterinarians from the Health of Animals Division will also be in attendance to take immediate tests for T.B. and Bang's Disease, if necessary. These facilities are provided to encourage American buyers and cause the least possible delay in shipment.

United States funds will be accepted at the current rate of exchange for the purchase of stock.

SASKATCHEWAN SHORTHORNS SIGNIFY SIZE

YESTERDAY

At one time the SHORTHORN bull enjoyed top place among all the beef breeds in this country. He was the great improver when used on the mongrel and native cattle of that day. After a period of time most of the herds in the west became saturated with SHORTHORN blood and the value of that blood became less noticeable. Then came bulls from the other British breeds. When bulls of these breeds were used on herds which were predominantly SHORTHORN the result was outstanding. This was an outcross and proved to be a real asset to the cattlemen and the breeds involved. This was hybrid vigour at its best but we failed to recognize it as such.

TODAY

Pheasant Creek Leader 4th
GRAND CHAMPION

A Saskatchewan bred bull, sold through the Regina Bull Sale, who went on to be Grand Champion at Toronto Royal, Calgary Ex., Edmonton Ex. and the P.N.E.

Today the situation is similar but reversed. Many of our beef herds carry little if any SHORTHORN blood. This again puts the SHORTHORN bull in the enviable position of being the outcross and again the results are amazing. In herds of other breeds where SHORTHORN bulls of quality have been used the cattlemen report outstanding increases in weaning weights, calf crop percentages have jumped and the heifers from these crosses have proven to be better milkers and far more productive than their straight bred dams. Rate of gain on feed has increased with these crosses.

The modern SHORTHORN bull is a far cry from the bull we knew ten or even five years ago. He is longer, he is trimmer and he is heavier. He can stand the weather and above all he has not lost the ability to put on weight on cheap feed. The SHORTHORN bull is second to none for crossing purposes.

We are consigning six of our best bulls that have been raised under natural conditions. Wintered outside on rolled oats, and alfalfa hay, ran on pasture last summer from May to October with no grain, and will not be over-fitted. Four are by Scotsdale Adventurer, son of Tehran, who is leaving the extra length and size that is needed today. Two are long trim bulls, grandsons of Braeside Tradesman that goes back to Bapton Constructor.

Re Vaccination for Bang's Disease — Some of the bulls listed in this sale are Official Vaccinates for Bang's Control. Footnotes to that effect are only put in, however, when the owner sent the vaccination certificate to the office when the animal was entered in the sale.

*Indicates Calfhood Vaccination.

As the Province of Saskatchewan has been declared a Restricted Area for the Eradication of Bovine Tuberculosis, all cattle entering the Show and Sale from herds not dealt with under the Accredited Herd Plan will be of Restricted Area Standing.

All Bulls bred by contributor unless stated otherwise.

Sire of Sire: Haven Padre -E121968-, Sire of Dam: Harrold Semper (Imp) -798877- Exl Miss Harrold's Misch 22V -918903- This bull stood at top in many Western Shows and was judged Grand Champion at 1970 Toronto Canadian National Exhibition. His sire Easneye Workman imp. was the product of the extreme tops in England and was the best prospect found in England. Dam of Easneye Workman was the greatest Hereford female seen in England in many trips there. This three-way English outstanding prospect has the built-in potential of producing the type of Herefords so popular today.	Mar. 17/68	Easneye Workman (Imp) -1032524- Harrold Semper (Imp) -798877-

Sire Haven United imp. own son of the all-time great Haven Showman. Dam 81V a Despot. Penatok Gusto cross. A concentration of the top proven English Hereford families. This bull is full brother to 6Y a top proven sire being Grand Champion Saskatoon Summer Fair 1969. Now chief herd sire in Jack Urton herd, Duck Lake. The Despot line imported by Prince Wales Ranch, High River, was highly esteemed and has excelled at Palmers.	Mar. 3/69	Haven United (Imp) -916273- Penatok Gusto (Imp) -918961-	
362	EXL Harrold Workman 051A -1225863- JSP 051A rt. ear. Sire of Sire: Haven Padre -E121968-, Sire of Dam: Harrold Semper (Imp) -798877- Exl Miss Harrold Centurius -918996- Weaned weight 597 lbs., off test 1,040 lbs. Sire Haven United imp. Both the sire and dam of Haven United were considered by many English Hereford Breeders as being among the extreme tops of the Hereford breed in England. Dam of dam is sired by the well-known Bwlchlyn Namesake, for many years chief herd sire at Palmers. Full brother was used in the Vern herd and broke all records for show and sales when exported to Australia. A sure prospect as a herd builder.	Mar. 4/69	Easneye Workman (Imp) -1032524- Harrold Semper (Imp) -798877-

— ALL ANIMALS MUST BE SETTLED FOR WITHIN ONE HOUR AFTER THE SALE —
For Sale Settlements — Live Stock Insurance — Information on Freight or Sale Information
the offices are located on the west side of the sales arena

One dollar is a small investment — but it will bring good dividends if it is used to buy a membership in the Saskatchewan Cattle Breeders' Association. Your membership will insure that you will receive sale notices, entry forms, catalogues, the annual report and the live stock calendar. You will be able to attend all meetings and elections and in that way take a hand in the formation of livestock policies.

Join now by sending \$1.00 to C. Shirriff, Secretary-Treasurer, P.O. Box 167, Regina, or, if you are attending the sale, memberships will be taken at the office in the west side of the Auditorium.

HEREFORDS (POLLED)

Re Vaccination for Bang's Disease—Some of the bulls listed in this sale are Official Vaccinates for Bang's Control. Footnotes to that effect are only put in, however, when the owner sent the vaccination certificate to the office when the animal was entered in the sale.

*Indicates Calfhooed Vaccination.

As the Province of Saskatchewan has been declared a Restricted Area for the Eradication of Bovine Tuberculosis, all cattle entering the Show and Sale from herds not dealt with under the Accredited Herd Plan will be of Restricted Area Standing.

All Bulls bred by contributor unless stated otherwise.

 This is the first bull produced for us out of Oakland Ridge W Anxiety 36. Pitchford Bros. of Pleasant Valley, Sask., used this bull this past season and they informed us that everyone who sees him is very much impressed with his good length, stretch, and size, a real modern bull. His dam was by Polled Mischief Dom 30E, a Chris Sutter bred sire.

NOTES

The Saskatchewan Livestock Associations

*"Working for the Improvement of the
Livestock Industry"*

There are many people engaged in the various phases of this industry who are not members. You may be one of these. We suggest that in order to do your part to assist, you should look over this list of Associations and take out membership in those in which you are interested.

Sask. Cattle Breeders' Ass'n

Pres. Tom Lees, Arcola
Vice-Pres. Barry Andrew, Regina

Sask. Horse Breeders' Ass'n

Pres. C. Smith, Burnham
Vice-Pres. G. N. Robbins, Laura

Sask. Swine Breeders' Ass'n

Pres. R. Edwards, Nokomis
Vice-Pres. Don MacKay, Aberdeen

Sask. Sheep Breeders' Ass'n

Pres. W. Wilson, Saskatoon
Vice-Pres. R. N. Duggan, Melville

The Associations Have Two Major Objectives:

1. The development of the phase of the livestock industry which they represent. This involves the distribution of educational material, assistance to Boys' and Girls' Clubs, Fairs, Field Days and providing various services to individual breeders.
2. Conducting Shows and Sales. In this way breeding stock is distributed and breeders are provided with a medium for sale of their stock.

Membership in these Associations will mean that your name will be on all mailing lists for entry forms, catalogues, annual reports, notices of meetings, livestock calendar, and circulars. Membership fee for each Association is \$1.00 per year. (Horse Breeders \$2.00.)
